Darco HeelWedge™ Off-Loading Shoe

The DARCO HeelWedge™ is clinically proven to off-load pressure from the heel by shifting weight to the mid and forefoot to promote faster healing after surgery, trauma or when wounds or ulcerations are present on the heel.

FEATURES

- Ankle strap seats foot firmly in shoe
- Black breathable fabric upper
- Includes two removable inner soles (EVA)
- Top layer of shoe is lightweight, non-toxic, odorless, nonabsorbent, washable, and able to be disinfected
- Hook & loop closures
- Surgical opening
- Wedge sole with good plantar traction
- Universal - fits both right and left sides

INDICATIONS

- Rear foot trauma
- Wounds or ulcerations present on the heel area
- Post Surgical healing for either soft tissue or bony structure of the heel

DARCO
