YEARS OF LIFE CHANGING INNOVATION

With more than 25 years of research driven design, Aspen is committed to developing the highest quality products that make a difference for our customers and their patients. Backed by peer-reviewed studies, biomechanical analyses and industry leading research, Aspen products are designed to help improve patient outcomes - whether it's providing therapeutic motion restriction, reducing skin breakdown, improving posture or reducing muscle spasm. Aspen continues to help drive industry standards in spinal bracing for efficacy, quality, design and outcomes. Aspen's core philosophy is centered around innovating and advancing clinically-based solutions that help patients get back to the activities they care about.
